

Download First Grade Math Journal

Student created math journals for the entire year! These interactive math notebooks are a great way for Kinder through Fourth Grade to practice math skills in an interactive way. These math notebooks cover number sense, addition and subtraction, graphing, shapes, money, word problems, and so much more! I have used math journals for a long time in First Grade. This past year in Kindergarten, I had a little difficulty starting them. My writing journals were no trouble to start, but for some reason I put off beginning my math journals until later in the year. When I finally did start them, once we completed a lot of modeling, it was great and here's a terrific post showing a huge number of entries in a first grade math journal. Here is an update on the Math Journal: Tools for your Toolbox post. I have had so many emails about this post! I am so glad that people are. Math journal pages (picture numeral word) Great for early childhood math :) Daily Math Journals are a great way to review reinforce math concepts in your first grade classroom in a creative way. **THESE PROMPTS HAVE BEEN ALIGNED TO THE CCSS** You can read more about these and how daily math journals work in my classroom by clicking on the following link: [Math Journals in the Classroom](#)
