Dear Twitpic Community - thank you for all the wonderful photos you have taken over the years. We have now placed Twitpic in an archived state. Neil Harbisson (born 27 July 1984) is a Catalan-raised, Northern Irish-born cyborg artist and transpecies activist based in New York City. He is best known for being the first person in the world with an antenna implanted in his skull and for being legally recognized as a cyborg by a government. His antenna sends audible vibrations through his skull to report information to him. Processing is a flexible software sketchbook and a language for learning how to code within the context of the visual arts. Since 2001, Processing has promoted software literacy within the visual arts and visual literacy within technology. About us.
